

have occurred at Attock, and if funds for a better and permanent arrangement could be spared, the Tunnel should certainly be carried out, if its success were ensured by that of the Shaft.

The bridging of the Murkundah River was commenced in 1855, but stopped after an expenditure of about half a lakh, in order that Estimate might be prepared. Want of funds, however, caused all these bridging projects, so essential to the completion of the communication with the Lower Provinces, to be set aside until last year, when Officers were deputed to the examination and survey of the localities with a view to the framing of Estimates. Their services, however, were required elsewhere, and these projects are once more in abeyance for a time.

Communication between the chief Arsenal and the Capital of the Punjab, and consequently all the Military Stations towards the Frontier can scarcely be termed any thing better than a mere track. Nothing more need be said to show the importance of this work.

Commencement of work authorized in April 1860.

The Tunnel should be completed to perfect the communication between Simla and the Plains. The probable cost will not exceed a lakh.

The completion of this Road extending from the Plains of Hindustan to the Chinese Frontier has not been estimated for, but its probable cost is here given as nearly as available data will admit of its being arrived at. The object of this undertaking, and the results anticipated from its completion, will best be gathered by a reference to the Report submitted by Captain Briggs in December 1855, and published the following year as No. XVI. of the Selections from the Records of the Government of India.

The causes which are supposed to have rendered Peshawar so unhealthy to our European Troops are attributed to:—
										<i>First.</i> The neighbouring Jheel, which it was proposed to drain at a cost of Rupees 85,000.
										<i>Secondly.</i> Impure drinking water, which it was proposed to remedy by fresh means of supply at a cost of Rupees 45,000.
										<i>Thirdly.</i> Imperfect drainage which it was proposed to improve at a cost of about Rupees 1,50,000.

The Chief Commissioner has, however, decided that the new Line should follow the old Road as far as Nawabgunge, and from thence proceed direct to Fyzabad. The total length of this last mentioned Line from the Iron Bridge is eighty-one miles, which, at Rupees 4,000 per mile, gives Rupees 3,24,000, or say 34 lakhs, as the total cost of the Road. If funds are available, 1½ lakhs could be conveniently expended during the year 1860-61, 1½ lakhs in the following year, and the balance during the year 1862-63.</p> <p>This and the Fyzabad Line are common as far as Nawabgunge, and a detailed Estimate for completing the Road as far as Byram Ghat (a distance of 21½ miles,) at a cost of Rupees 4,200 a mile was also submitted with the Budget of 1857-58. Between Byram Ghat and Barratich the distance is about forty-five miles; and here the Line would have to cross much flooded country, as well as the Rivers Gunduk and Surgoo. Comparing this length of the Gogra and Surgoo. Comparing this length with other Roads, for which detailed Estimates have been prepared, the Chief Engineer would say that the cost of construction would be about Rupees</p>

3	Road from Lucknow towards Jounpoor and Benares as far as Singra-mow in the Oudh boundary.	3,36,177	50,000	1,43,088	1,43,088	The Line was traced considerably to the South of Sultanpore, partly to traverse the water shed between the Rivers Goomtee and Sye, but principally with the view to include in its course the Station of Mohungunge, which at the time was selected as a Sudder Station. Under present circumstances, the best Line is still an open question and further Surveys are desirable. Actual work, therefore, could not commence until late in the year 1860-61, so that it will be sufficient to put down Rupees 50,000 as the expenditure for the forthcoming year; the expenditure of the balance (Rupees 2,86,000) may be divided equally over the years 1861-62 and 1862-63.
	Road from Lucknow to Shahjehanpore via Seetapoor.	3,35,000	50,000	1,42,500	1,42,500	This will be a continuation of the last mentioned Road, and will complete the metalled line of communication between Benares and Shahjehanpore. The country is known to be favorable as far as Seetapore (53 miles,) and this length might be constructed for Rupees 3,000 a mile. There is no information regarding the extension towards Shahjehanpore as far as the Oudh boundary, which is estimated at 42 miles in length, but as it does

not cross any important drainage Lines save the River Gomtee, its cost may also perhaps be estimated at Rupees 3,000 a mile, exclusive of the cost of a Bridge for this River, which may be set down at Rupees 50,000. The total cost would then, for ninety-five miles, be Rupees 3,35,000. Here also Surveys would have to be made, so that Rupees 50,000 is enough to put down for the expenditure of 1860-61, the balance being equally divided over the years 1861-62 and 1862-63. This Road is seventy-three miles in length, and by the end of the year a new Line will have been opened out for wheeled traffic, which will be favorable at all seasons except in the height of the rains. This work will have been done out of the allowance of Rupees 300 a mile which was granted for Roads in Oudh during 1859-60. Estimates have been received for incorporation in the forthcoming Budget for raising two Sections of the Road, aggregating 37½ miles in length altogether, above flood level, and for completing the temporary Bridges and metalling the Road-ways and approaches of all the Bridges. Guided by these Estimates, a knowledge of the average cost of metalling and a rough calculation of the cost of substituting permanent for temporary Bridges, four of which are of considerable size, the cost of completing this Road may be calculated at Rupees 4,000 a mile. This Estimate, amounting to Rupees 2,92,000, does not include the cost of the large Bridges over the Gomtee and Syc, which could not probably be built under two lakhs of Rupees. One and a half lakh could be conveniently expended during the year 1860-61, two lakhs in the following year, and the remainder in the year 1862-63.

The portion of this Road, seventeen miles in length, between Dalanow and Roy Bareilly, has been recommended by Lieutenant Burton, Assistant Executive Engineer, Roy Bareilly; and from the information gleaned from his Report, it is calculated that the cost of construction will be about

There does not, however, appear to be much drainage to be crossed, and the cost of construction may also be set down at Rupees 3,500 per mile, exclusive of the Bridge across the Gomtee, which will no doubt cost a lakh of Rupees. The whole length of the Road being eighty-three miles, the Estimate will amount to Rupees 3,91,500, say in round numbers four lakhs.. Rupees 50,000 only is set down as the expenditure in 1860-61, as the Line would first have to be surveyed and traced; the balance might be equally divided over the two succeeding years.
7	Road from Fyzabad to Gondah	1,05,000	..	52,500	52,500	...	This Road is about thirty miles in length. There is no information regarding the Line of Country to be crossed, and the cost of construction is set down by a rough guess, at Rupees 1,05,000, the rate being Rupees 3,500 a mile. The expenditures might be equally divided over the years 1860-61 and 1861-62.
8	Road from Luckimpoor to Shabjebaupoor	2,81,000	.	50,000	90,500	90,500	Regarding this Road, which is about fifty-five miles in length, there is no information, but it appears to cross a considerable amount of drainage, and it would not be safe to set down the cost of construction at a lower figure than Rupees 4,200 a mile. Total cost Rupees 2,31,000. Here again the expenditure during 1860-61 would not exceed Rupees 50,000, the remainder being divided equally over the two following years.

SIR,—With reference to paragraph 2 of the Resolution of the Government of India, in the Financial Department, No 9939, dated the 25th ultimo, (forwarded with your Office Memorandum No. 2203, of the 3rd instant,) in which His Excellency the Governor General in Council decided that the Return under Rule 4, Section XC VII, Act XXXII. of 1860, for an Estate, the owner of which was non-resident, should be made by the Agent in the District where the land might be situated, I am desired to forward, for the consideration and orders of His Excellency, a copy of a letter No. 77, of the 5th instant, from the President of the Income Tax Commission, containing a proposition on the same subject.

2. The Commission recommend that one general Return of all lands and house property should be made in the District where the party resides, and that the Return of land and property held in any one District shall be made to the Collector of that District.

3. The Lieutenant-Governor thinks the modification desirable, and accordingly recommends it for the sanction of the Supreme Government.

I have, &c.,

No. 77.

FROM A GROVE, Esq.,

President of the Income Tax Commission,

TO W. S. SETON-KARR, Esq.,

Offg. Secy. to the Govt. of Bengal.

Dated the 5th October 1860.

SIR,—I have the honor to request the instructions of His Honor the Lieutenant-Governor on the following point.

2. The Act provides (Rule 4, Section XC VII) for a general Return of all lands and house property in whatever District situated. There are many wealthy residents of Calcutta and the Suburbs, who hold such property in a dozen Districts, and even beyond the limits of the Lower Provinces, and they are puzzled where to make their Returns.

3. Strictly speaking, they should make their returns not only to our Commission but to the Collectors of the several Districts in which their property is situated. But it is better, we think, to dispense with such repetitions. For the purposes of the Acts, it will be sufficient if such persons make one general Return of all their land and house property, and confine their District Returns to an enumeration of what they hold in the particular District in which the Return is made. The general Return should always be made to the Commissioner or the Collector of the District in which the party resides.

4. I think it very necessary that there should be one general Return of land and house property. There are many residents of Calcutta who hold such property, rent free lands especially, in Districts, the Collectors of which have no record of

knowledge of their ownership. A general rule on the subject will be necessary, should His Honor the Lieutenant-Governor take the same view of it, which is held by our Commission.

THE 22ND SEPTEMBER 1860.

FORWARDED to the Financial Department, with reference to the Extract, No. 8011, dated the 7th instant, from that Department

From W. S. SETON-KARR, Esq., Officiating Secretary to the Government of Bengal, to the Secretary to the Government of India, Home Department, No. 2190, dated Fort William, 18th September 1860.

REVENUE,
Income Tax.

SIR,—I AM directed to forward, for the consideration and orders of His Excellency the Governor General in Council, the accompanying copy of a letter* from the Commissioner of Bhaugulpore, submitting for decision two questions bearing on the Income Tax Act.

2. With regard to the first question, the Lieutenant Governor does not think that the Act allows an Assessor to employ others with or without an oath of secrecy to read Assessment Returns.

3. As regards the second question, the Lieutenant-Governor is of opinion that the Return for land should be made in the District where the land is situated.

From G. U. YULE, Esq., C. B., Commissioner of Bhaugulpore, to the Secretary to the Government of Bengal, No. 169, dated 5th September 1860.

SIR,—May I beg the favor of a speedy reply to the two following questions regarding the Income Tax, as until my doubts are satisfied, I cannot fix the number of Assessors for these Districts, or make a selection of persons for Assessors:—

1st.—Is an Assessor required by Law to read himself in fulfilment of the oath of secrecy all Returns of Income made to him, and with his own hand make the entries in the abstract (Section 46,) and prepare the duplicates of assessment (Section 143)?

If so, then all European and Native Deputy Collectors are shut out from being Assessors, or from exercising the powers of a Collector with regard to the Income Tax in this Division, because the Returns will be in four languages and principally in Nagree, which language no European and no Native Deputy Collector, and very few Natives of a class likely to afford Assessors, can read fluently or write at all.

If not, then the oath of secrecy is, I suppose, to be administered to the Subordinates who will have to read the Returns and write the entries, &c., after the assessment has been made by the Assessor or Deputy Collector.

2nd.—Is the Return for an Estate, according to Rule 1, Section 97, whose owner is non-resident, to be made by his Agent under either Section 10 or Section 80 in the District where the Estate lies, or is it to be made by the owner in the District where he may reside, and where is the assessment to be made?

If the Returns and assessment of an Estate here, for instance, are to be made in Calcutta because the owner resides there, then the cheating will be enormous and the confusion and correspondence tremendous.

FINANCIAL DEPARTMENT, FORT WILLIAM, THE 28TH
SEPTEMBER 1860.

Resolution.

HIS Excellency the Governor General in Council agrees in the view taken by the Hon'ble the Lieutenant-Governor of Bengal in respect to the first question. The Returns of Income should be required to be made in English, or in the Official language of the District.

2. With respect to the second question, His Excellency in Council considers, that the Return for an Estate, the owner of which is non-resident, should be made by his Agent in the District where the land is situated.

ORDERED, that a copy of the above be forwarded to the Home Department for information and communication to the Government of Bengal.

Ordered also, that a copy of the above be forwarded to the Foreign Department for information and communication to the Administrations under that Department.

Ordered further, that a copy of the above be forwarded to the Governments of Madras, Bombay, North-Western Provinces, the Punjab, and the Straits Settlements for information and necessary orders.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Home Department, under date the 2nd October 1860, is published for general information:—

No. 2169.

READ an Endorsement from the Financial Department, No. 9117, dated 7th ultimo, transmitting for further orders the following papers on the subject of the date from which the Rank of Civil Servants in their several Classes serving in the Presidencies of Bengal, Madras, and Bombay, should properly be reckoned.

1. Letter No. 50, dated 10th February 1860, from the Acting Civil Auditor at Madras to the Secretary to the Government of India, in the Financial Department, referring the question of the date from which the Rank of Civil Servants in their respective Classes should properly be reckoned, and stating that in Madras each servant rank from the date of landing.

2. Endorsement, Financial Department No. 1817, dated 22nd February 1860, referring the above letter to the Civil Auditors of Fort William and Bombay for report.

3. Letter No. 950, dated 18th March 1860 from the Civil Auditor of Fort William, with one enclosure, stating that the practice in Bengal before 1817 was to compute rank from the date of arrival at the Presidency, but that since 1817 it has been usual to accord rank from the 30th April of the year the Civil Servants severally stood appointed in England.

4. Letter from the Civil Auditor of Bombay, No. 1856, dated 13th March 1860, stating that the practice in Bombay is to reckon rank from the date of arrival at Bombay of the first Civil Servant of a batch appointed in one season.

5. Financial Department to Secretary of State, No. 91 of 1860, dated the 30th April, referring the above question for decision, with the remark that one uniform plan should be introduced throughout India, and that in the opinion of the Government the Bombay practice should be made general, as being both simple and equitable.

Read also a Despatch from the Secretary of State, in the Public Department, No. 91, dated the 6th July 1860, signifying in reply to the Despatch from the Financial Department above mentioned his approval of the proposal that the practice in force at Bombay for regulating the position of the Civil Servants be extended to the Presidencies of Bengal and Madras.

RESOLUTION.—In accordance with the instruction contained in the foregoing Despatch of the Secretary of State, the Governor General in Council is pleased to order that the Rank of Civil Servants of each season shall in future be computed in the three Presidencies from the date of arrival in India of the first Civil Servants of that season.

ORDERED, that a copy of this Resolution be sent to each of the Governments noted in the margin, for information and for communication to the Civil Auditor's Office.

Notification.

ALLIPORE JAIL PRESS.

1. With reference to Notifications Nos. 4672 and 5088, dated 10th January and 20th March 1860, published in the *Calcutta Gazette* of 14th January and 21st March 1860 respectively, it is hereby intimated, for general information, that the rules for the printing of Forms in the Lithographic and Typographic Departments of the Allipore Jail Press have, with the sanction of the Government, been reduced 50 per cent.

2. All Public Officers indenting for forms are requested to submit their indents at least three months before the stock in hand is exhausted.

3. If possible, indents for regular annual supplies should not be sent later than in December of the present year. Much additional expense in packing, and risk of injury in transit, will be saved by the forms being supplied during the dry seasons.

4. In future years, indents for yearly supplies should be submitted not later than in the month of October.

5. All indents should specify, in appropriate columns, the stock in hand, the amount supplied on the preceding indent, and the quantity required for the ensuing year.

6. Emergent indents are only to be submitted in cases of real emergency, the cause of the emergency being duly stated in the column of remarks.

7. Transmitting letters are not required in the submission of indents, but each indent should be numbered, dated, and submitted in duplicate.

8. The following plan of adjustment of accounts for the Form-work executed at the Press, has received the sanction of the Government, and is to be carefully observed, in order that the accounts of the Press, and of Indenting Officers may be speedily adjusted.

With every package of forms supplied, a list will be sent from the Press, specifying the nature and number of the forms furnished. As soon as the forms have been received by the indenting officer, and it has been ascertained that the list is correct, it will be signed by the said receiving officer and transmitted to the Superintendent of the Jail Press.

The bill for the work done will be prepared in the Press, and with the list referred to above, as a receipt and voucher, will be sent to the Civil Auditor for examination and audit. When passed by this Officer, it will be transmitted to the Accountant of the Government of Bengal, who will credit the amount sanctioned to the Jail Press, and debit the cost to the Officer or Department to whom or to which the Forms have been supplied.

NOTICE.

NOTICE is hereby given, that Sealed Tenders will be received up to 2 p. m. on the 30th November 1860, by the Executive Commissariat Officer at Singapore, for the supply by Contract of the Articles mentioned in the subjoined Schedule.

2. Each Tender must be accompanied by a deposit in cash of Dollars 2,000, or its equivalent, Rupees 4,400.

3. The Tender of the successful Competitor will be retained until the Commissary General's acceptance of his offer has been ascertained, and should such Competitor fail to sign the Contract Bond within three days from the date of such acceptance being made known to him, and to furnish the Security mentioned in the subjoined Schedule, his deposit will be forfeited to Government.

4. The Deposit of all others who have tendered will be returned to them on the lowest offer declared.

5. No advance of Cash will be made to the Contractor.

6. Payments will be made on presentation of Bills with Receipts for the Articles delivered.

7. A fine of Dollars 25, 50, or 100, according to the fault, will be levied for any infringement of the stipulation of the Bonds, and if frequently repeated, the Contract will be annulled and the Security confiscated to Government.

8. The Contract must not be sublet.

9. The Contractor's Securities will be restored to him immediately on completion of Contract.

For Letters exceeding the weight given above, in the case of those addressed to Sardinia, &c., 2 annas 4 pie are to be added for every additional quarter of an ounce, in addition to 5 annas 4 pie for every additional ounce or fraction of an ounce. In the case of Letters addressed to States of Italy not under Sardinian Postal Rules, i. e. Sicily, Naples, Rome, and the Papal States, one anna and four pie are to be added for every additional quarter of an ounce, and one Rupee eight annas for every additional ounce or fraction of an ounce.

No change is made in the Rates applicable to Newspapers.

H. B. RIDDELL,
Director-General of the Post Office
of India.

• SIMLA,
The 20th October 1860 }

NOTICE issued by the POST-MASTER GENERAL of BENGAL.

No. 5688.

From and after this date Letters for all the States of Italy may, at the option of the sender, be prepaid in India, and will be forwarded in the Malta Mail for transmission to their destination.

Rates of Postage are as follows, and include Indian Postage, but it is believed that Letters to any State in Italy, except those under the Sardinian Government, are subject to a further charge on delivery. —

Office of the Director-General
of the Post Office in India,
January 1st, 1859.

The following Conditions are to be observed in sending Book-Packets by Post:—

1st.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2nd.—Every Packet must be sent either without a cover, or in a cover open at the ends or side so, as to admit of the enclosures being removed for examination.

3rd.—The Packet may contain any number of separate books or other publications, prints or maps and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter usually appertains thereto.

4th.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5th.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6th.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7th.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8th.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9th.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10th.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11th.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage) through a Foreign Country.

SPECIAL Notice is directed to the suijoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XIII of Act XVII. of 1851, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to except in the case of letters received for delivery.

LETTERS and Newspapers despatched to and from^{the} the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps:—

				Rs.	As.	Pia.
Letters not exceeding $\frac{1}{2}$ oz. in weight	0	4	0
Ditto exceeding $\frac{1}{2}$ oz. but not exceeding 1 oz.	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 1d. or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

[2351]

Notice.

LETTERS arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 p. m. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers — Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

MAILS for Akyab, Rangoon, and Moulmein are made up on the 1st and 16th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 2nd and 17th.

Notice.

No. 8159.

ON Letters and Newspapers sent in the Alexandria Packet for Jaffa, Jerusalem, Bagdad, Beyrout, Constantinople, and other places in Turkey or Syria, the following rates of Postage must be pre-paid:—

FOR LETTERS.

	Rs.	As.	P.
When not exceeding half an ounce ..	0	11	0
When above half an ounce and under one ounce	1	7	0
When above one ounce and not exceeding two ounces .	2	14	0

FOR NEWSPAPERS.

When not exceeding two ounces	0	0	8
When exceeding two ounces and under four ounces	0	1	6
When exceeding four ounces and under eight ounces	0	8	0
When exceeding eight ounces and under 1lb	0	6	0
When exceeding 1lb and under 1½lb	0	8	0

The above rates are those chargeable upon letters and papers posted at the Presidency Towns of Calcutta, Madras, and Bombay. On letters and papers posted in the interior, as also when posted at Calcutta or Madras for transmission *via* Bombay, Indian Inland Postage must be pre-paid in addition to the above rates.

NOTICE.

On and after the 1st of July next, Letters addressed to France or *via France*, to the Foreign Countries named in the annexed Schedule, will be conveyed at the rates detailed therein.

The Postage due on Letters addressed to the places marked in the Schedule with a star* must be paid in advance; Letters for other Countries may, at the option of the sender, be prepaid or sent unpaid. If paid, the Postage must be paid in Stamps, affixed to the Letter on the side on which the address is written.

Care should be taken to write the words *via France* on all Letters for Foreign Countries, intended for despatch by the French route.

Letters will be registered to any Country or place, to which the entire Postage to destination can be paid in advance, that is, to any place except those marked in the Schedule with a star.* No special registration fee will be levied, but double Postage must be prepaid; no unpaid letter can be registered *via France*.

Letters Postes in France, if sent unpaid, are charged with double French postage on delivery in India, that is, eight annas and eight pie per quarter ounce.

No. 2760.

Notice.

THE Public are hereby informed, that it has been arranged with the Ceylon Government that from the 1st of August next, 3*d.* or 2 annas will be levied on each letter weighing ½ oz. sent from India to any part of Ceylon by land, and that such letters will be delivered free of any additional charge.

Letters posted in Ceylon and forwarded by land will, in the same manner, be charged 3*d.* or 2 annas per ½ oz., and they will be delivered in any part of India free of any additional postage.

All such Letters must be pre-paid, otherwise they will be treated as unclaimed.

The 23rd July 1859.

LETTERS forwarded through the United Kingdom to Buenos Ayres or to any other part of the Argentine Confederation or to the Republic of Paraguay, the correspondence for which is forwarded in the Mails for Buenos Ayres, the sum of seven annas six pie must be pre-paid on a Letter not exceeding half an ounce in weight.

To the above rate, the French Transit rate of two annas the quarter ounce to be added when forwarded *vid Marseilles*.

ALL Letters, Newspapers and Printed Papers, addressed to Portugal, Madeira, the Azores, the Cape de Verd Islands, and other Portuguese Possessions on the Coast of Africa, will in future be sent in the Mail for Gibraltar, and all such correspondence will be charged with only the Indian Inland rate of Postage, which must be pre-paid.

Letters sent *vid Southampton* to Monte Video or any other part of the Republic of the Uruguay, will in future be charged 11*d.* or 7 annas 6 pie per half ounce, and when such letters are intended to be forwarded *vid Marseilles*, an additional charge of 3*d.* or 2 annas per quarter ounce will be made.

The above rates must in all cases be pre-paid.

NOTICE ISSUED BY THE OFFICIATING DIRECTOR-GENERAL.

THE Public are hereby informed that, under an arrangement between the Secretary of State for India and Her Majesty's Post-Master General, an additional charge of one Penny will be levied from the 1st of January 1860, upon all single Newspapers and Prices Current sent from the United Kingdom to any part of India, or from any part of India to the United Kingdom *vid Southampton*.

The total Postage upon each Newspaper is as under :—

	<i>Vid Southampton.</i>

A SUPPLEMENT to the GAZETTE will henceforward be published, weekly or twice a week, according to circumstances, containing such Official Papers and Information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately, on a payment of six Rupees per annum if delivered in Calcutta, or twelve Rupees if sent by post.

No Official Orders or Notifications the publication of which in the GAZETTE is required by law, or which it has been customary to publish in the GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to, as heretofore.

MILITARY DEPARTMENT.

Outram Institute, Dum-Dum.

From MAJOR F. D. ATKINSON, Officiating Secretary to the Government of India, Military Department, to MAJOR-GENERAL R. J. BIRCH, C. B., Secretary to the Government of India, Military Department, with the Governor General,—(dated Fort William, 2nd April 1860.)

SIR,—In transmitting, for the consideration and orders of His Excellency the Governor General, the accompanying copy of a letter from the Reverend R. A. Norman, Chaplain of Dum-Dum, dated the 28th February 1860, regarding the Establishment of a Reading Room for Officers, and a Library, Museum, and Lecture Room for the Soldiers at that Station, and recommending the purchase of the Artillery Mess House for that purpose, I am desirous to acquaint you, for the information of His Excellency, that the unwearied zeal with which Mr. Norman has devoted his time and attention to the moral improvement and instruction of the Soldiers with, as is well known, the most successful results, entitle his suggestion to the opinion of His Honor in Council to every consideration.

2. The President in Council would desire to follow up the commencement Mr. Norman has made and to give permanence to the experimental Establishment at Dum-Dum, so far as the means at the disposal of Government admit should the object in view meet, as His Honor in Council trusts it will, with the approbation and support of the Governor General.

3. It appears that the existing want of House accommodation for Officers at Dum-Dum will, in a great measure, cease to press when the contemplated removal of a portion of the Troops from Dum-Dum is carried out; and the Home Authorities are opposed to the provision of Public Quarters

for Regimental Officers as an ordinary arrangement.

4. The President in Council would propose, therefore, to devote the Artillery Mess House which has just been purchased at the recommendation of the Commander-in-Chief, partly with a view to the above object, to the purposes suggested by Mr. Norman for so long at least, as it can possibly be spared.

5. Should His Excellency approve of this design, I am desirous to suggest that the Commander-in-Chief might be moved, should Lord Clyde also concur in the expediency of the measures now proposed, to appoint a Committee to ascertain and report for the information of Government upon the details necessary to carry out the plan sketched in Mr. Norman's letter.

6. This report might be in a shape which, if adopted and sanctioned by Government, will form a guide for the future management and development of the Institution.

7. Colonel Eyre, C. B., and the Reverend Mr. Norman might perhaps advantageously be placed upon such a Committee, associated with any other Officer or Officers the Commander-in-Chief might see fit to select.

8. The Hon'ble the President in Council thinks that it is very necessary that any such Committee should be made fully to understand that the extent to which Government will be able to aid in this, or similar undertakings, must depend in no small degree upon the moderation observed in the expenditure, whether for first outlay or for current expenses, and that this and other reasons point to the necessity for making every use of existing means and agencies for keeping the outlay required from Government as low as possible.

It often happens that the best intentions to do good in the way now proposed are frustrated by being undertaken on a scale too large and too expensive, and the necessity of caution on this head,

His Honor in Council is of opinion, cannot be too strongly impressed. Such plans often thrive best when made in the face of difficulties, and if the men themselves could be induced so far to interest themselves in these efforts for their improvement, by themselves contributing, however little, the success would be much more certain.

In conclusion, I am desired to refer to the Supplementary Minute of the Hon'ble Sir James Outram, dated 11th February last, forwarded with my letter No. 404A., of the 9th March 1860, from which His Excellency will gather the general character of the measures which appear to the President in Council best calculated to promote the moral and intellectual improvement of the Soldier in his hours of relaxation.

From the REVEREND R. A. NORMAN, to the HON'BLE SIR JAMES OUTRAM,—dated Dum-Dum, 28th February 1860)

MY DEAR SIR,—HAVING heard that the Bengal Artillery Mess Committee have determined to sell the Building (in this Cantonment) known as their Mess House, and that they have actually offered it to Her Majesty's Government for the sum of Company's Rupees (25,000) twenty-five thousand, I take the liberty of laying before you the following scheme which, if carried out, would, I am sure, be an inestimable boon to the Soldier of this place.

The plan is simply this.

That Her Majesty's Government purchase the Building for the purpose of turning it to the following uses:—

- 1st. A Reading Room for Officers.
- 2nd. A Ditto Ditto and Library for the men.
- 3rd. A Museum for the men.
- 4th. A Lecture Room ditto.

The four large Rooms being set apart for these purposes, there would still be ample space for Class Rooms, say four.

Serjeants' Quarters, &c., &c.

Thus the whole would be under one roof in a Building close to the Barracks, a Building which could not be erected for six times the sum now asked for it, and which, without any money laid out, would give the Rooms described at once.

Any one who has seen the fearful mortality consequent upon that exposure to the sun and the habit of drinking which are the natural results of unemployed hours hanging heavily on the hands of uneducated men, will, I am sure, acknowledge that to give these men employment, instruction, and rational amusement, both by day and night, must be a powerful means of inducing them to lead more temperate and Soldierly lives.

For myself I have no hesitation in saying that I firmly believe the temporary Museum here, which worked for two months, was the saving of many lives by inducing the men to spend rationally those hours in which they most frequently sow the seeds of fatal disease.

If then the Museum alone could do this, attracting generally upwards of 300 at an evening, what might not we expect if Museum, Lecture Room, Class Rooms, Library, and Reading Rooms were constantly at work, offering their varied inducements to the men.

And not only would there be a saving in Military Finance, but the happiness conferred upon so

many of its subjects might well be a cause of congratulation to any Government.

As to the working of such an Institution, there would be little or no difficulty.

The Reading Rooms and Libraries and Class Rooms would be under their respective Committees; and as to the Museum, give the room only and let the thing grow, I would soon get it to work, and I feel sure the advantages it would offer to any Chaplain in bringing him into contact with the men would be so great, that there would be little doubt of its being in want of a Manager.

Commending this to your kind interest and support.

From MAJOR F. D. ATKINSON, Officiating Secretary to the Government of India, Military Department, to the REVEREND R. A. NORMAN, Dum-Dum,—(dated Fort William, 2nd April 1860)

SIR,—I AM desired to acknowledge the receipt of your letter of the 28th February 1860, to the address of the Hon'ble the President in Council, soliciting that Government will take into consideration a plan submitted by you for the purchase of the Artillery Mess House, for the purposes of a Reading Room for Officers, and a Library, Museum, and Lecture Room, &c., for the men of that Station.

I am desired to convey to you the thanks of the President in Council, both for the valuable suggestions contained in your letter, and for the unwearied zeal with which you have devoted your time and attention to the important subject of the employment, instructions, and rational amusement of the Soldiers with, as His Honor in Council has reason to know, the most successful results.

I am desired to assure you of the anxiety of the President in Council to follow up the commencement you have made, and to give permanence to the experimental Establishment at Dum-Dum, so far as the means at the disposal of Government will admit.

A copy of your letter will be sent to His Excellency the Governor General with an intimation that the President in Council would desire to support the scheme to such extent as circumstances will permit, and His Excellency will be requested, should it meet with his approbation and support, to take such further measures, and to issue such instructions as may seem expedient.

From MAJOR-GENERAL R. J. H. BIRCH, C. B., Secretary to the Government of India, Military Department, with the Governor General, to MAJOR F. D. ATKINSON, Officiating Secretary to the Government of India, Military Department,—(dated Simla, 20th April 1860.)

SIR,—IN acknowledging the receipt of your letter dated 2nd instant, with its annexure, submitting a scheme suggested by the Reverend R. A. Norman, Chaplain of Dum-Dum, for the Establishment of an Officer's Reading Room, and Library, Museum, &c., for the European Soldiers at that Station, I am directed to transmit, for the information of the President in Council, copy of a letter to the Adjutant General of the Army on the subject, and to request that the warm acknowledgments of His Excellency the Governor General, for Mr. Norman's zealous and judicious exertions on behalf of the British Soldiers, may be communicated to that gentleman.

From MAJOR-GENERAL R. J. H. BIRCH, C. B., Secretary to the Government of India, Military Department, with the Governor General, to LIEUT.-COLONEL W. A. J. MAYHEW, Adjutant General of the Army, (dated Simla, 20th April 1860.)

SIR,—In forwarding, in original, a letter from the Officiating Secretary to Government, Military Department, dated 2nd instant, with annexure, submitting, with the recommendation of the President in Council, a scheme suggested by the Reverend R. A. Norman, Chaplain of Dum-Dum, for the Establishment of a Reading Room for Officers, and Library, Museum, Lecture and Class Rooms for the European Soldiers at that Station, I am directed to acquaint you, for the information of the Right Hon'ble the Commander-in-Chief, that His Excellency the Governor General entirely approves of the proposal, and to request that should Lord Clyde concur in opinion as to the expediency of the measure, His Lordship may be moved to appoint a Committee to ascertain and report, for the information of Government, upon the details necessary to carry out the plan as proposed.

2. I am to add that the suggestion that Colonel Eyre, C. B., and the Reverend Mr. Norman should be placed on the Committee, appears to His Excellency the Governor General a very good one.

From MAJOR F. D. ATKINSON, Officiating Secretary to the Government of India, Military Department, to the Reverend R. A. NORMAN, (dated Fort William, 21st May 1860.)

REVEREND SIR,—In continuation of my letter of the 2nd ultimo, I am desired to acquaint you that your communication of the 28th February last, regarding the appropriation of the Artillery Mess House at Dum-Dum, as a Reading Room for Officers, and a Library, Museum, and Lecture Room for the men at that Station, having been laid before the Governor General, His Excellency communicated to the Right Hon'ble the Commander-in-Chief his entire approval of the proposal, requesting that should Lord Clyde concur in the expediency of the measure, His Lordship would take the necessary steps for the appointment of a Committee to report more fully upon the plan.

The Commander-in-Chief has concurred in the view taken by Government, and a Committee will at once be formed, composed of Colonel Eyre, C. B., Lieutenant-Colonel Broome, Major Sherwill, and another Officer to be nominated by the General Officer Commanding the Presidency, who, in association with yourself, will draw up a Plan for the consideration of Government.

I have the further gratification of conveying to you, by desire of the Governor General, His Excellency's warm acknowledgment of your zealous and judicious exertions on behalf of the British Soldiers.

Extract from Proceedings of a Committee assembled by Order of the Right Hon'ble Lord CLYDE, C. B., Commander-in-Chief, with the concurrence of His Excellency the Governor General, to enquire into and report upon the details of a plan proposed by the Reverend R. A. H. Norman, Chaplain of Dum-Dum, for instituting a Museum, Library, and Lecture Hall for the European Soldiers at that Station.

President.

Colonel V. Eyre, C. B., Agent for Gun Powder.

Members.

Lieutenant-Colonel Dennis, R. A., Commanding at Dum-Dum.

Reverend R. A. H. Norman, Chaplain at Dum-Dum.

Lieutenant-Colonel A. Broome, Superintendent, Gun Foundry.

Major Sherwill, Survey Department.

1. The Committee met on Saturday, 30th June 1860, at the Gun Foundry at Cossipore, at 10 A. M. The letters and documents were read by the President.

2. Certain passages were also read from a Supplementary Minute on the Amalgamation of Her Majesty's Indian Forces with the British Army, by the Hon'ble Lieutenant-General Sir James Outram, C. B., President of the Council, having reference to the best means of promoting the moral and intellectual improvement of the Soldier in his hours of relaxation.

3. The Committee most fully recognize and concur in the humane and enlightened principles set forth, the important duties inculcated, and the excellent practical suggestions offered for adoption, in the above-named able and admirable document.

4. They consider it of the highest importance to the future welfare of our Army, no less than to our national character as rulers of British India, that so favorable an opportunity as the present should be seized and improved for instituting a series of experiments, the leading object of which will be to elevate and uphold the character of our European Soldiers by providing wholesome, attractive, and instructive recreation, as well as profitable employment for their vacant hours, thereby weaning them from the besetting and destructive vices of ordinary Barrack life in this country, the result, it is believed, of their monotonous and wearisome existence, rather than of any special evil tendencies peculiar to their class and calling.

5. The Committee see ample cause for encouragement in the partial success which attended the recent efforts in this direction made at Dum-Dum, in the Establishment of a temporary Museum, illustrated by occasional Lectures and experiments, and enlivened by musical performances, under the general Superintendence of the Chaplain, assisted by sundry Officers and Civilians. During the two months of its existence the Museum was the daily favorite resort of some scores of Soldiers with their wives and families, and there is reason to believe that a decided decrease of intemperance and its concomitant crimes and offences was the satisfactory result.

6. The Committee therefore are prepared unhesitatingly to adopt the leading features of Mr. Norman's scheme as teeming with promise of future good to the British Soldier, and with this view they earnestly recommend that the Building recently purchased by Government from the Bengal Artillery Regiment be devoted exclusively to this special purpose, under the supervision and control of a Standing Committee, of which the Commanding Officer and Chaplain of the Station should be ex-Officio Members.

7. They now proceed to examine the scheme itself in detail, and to lay down such general leading rules and principles as seem to them most likely to ensure the maximum amount of benefit to all concerned.

Reading Rooms and Library for Officers and Men.

8. Much of the future success of the proposed Institution will depend on the degree of interest taken in it by the Officers, and this will be best secured by making them partakers in its benefits.

9. An Officer's Library (with Reading Room attached,) therefore very properly forms a leading feature in the scheme, and it should be placed on such a footing as to attract towards it all those Residents who have heretofore sought intellectual food from other sources.

10. The Room at the North end of the Building might be very well spared for this purpose, without at all interfering with the main objects of the Institution.

11. The Officers' Library should be supported by a Subscription sufficiently moderate to fall within the means of the younger Officers, and should be available to all Gentlemen Residents at Dum-Dum, either as regular or as Honorary Members.

12. Tea and Coffee should be served to all Members requiring the same, at a moderate rate.

The Soldiers' Library and Reading Room.

13. The Soldiers' Library and Reading Room

Soldiers' Library and Reading Room			should, for obvious reasons, be distinct from the Officers, and should be supported partly by Subscription.* A Sitting Room for Non-Commissioned Officers should be attached.
* Proposed rates of Subscription to Soldiers' Library			
Warrant Officers	1	0 0	
Sergeants	0	4 0	
Corporals	0	3 0	
Privates	0	2 0	

14. There should be a periodical transfer from the Officers to the Soldiers' Library of such Books as, in the opinion of the Committee, can be spared; and the Officers' Library Books should be available, under certain provisions, for any Non-Commissioned Officers requiring them for study or reference.

15. Refreshment, such as Tea, Coffee, Lemonade, and Ginger Beer, should be allowed in the Soldiers' Library at certain fixed rates. Games of Backgammon, Chess, Race, Draughts, and Bagatelle might be allowed, but no Cards or gambling.

16. A Code of Bye-laws should be hereafter drawn up for the regulation of such matters and for the internal economy of the Institution generally.

17. The next subject to be considered in the Soldiers' Museum. The Central Hall of the Building is admirably adapted for this purpose. The Museum should conform in its general features to that of the "United Service Institution" in London, and should be a receptacle for objects illustrating the Natural History and useful products of India; Military Weapons of every description; Mechanical Models; and in a general way, whatever is best calculated to amuse and instruct the Members.

18. Connected with the Museum should be Workshops for learning various Mechanical trades and pursuits, and for the preparation of Natural History specimens.

Lecture Room.

22. Thirdly, it is proposed to have a Lecture Room.

For that purpose the apartment hitherto used for a "Ball Room" might be appropriated. This is undoubtedly one of the most important items in the scheme, and worthy of every encouragement on the part of Government. Soldiers will eagerly listen to Lectures on subjects within their comprehension, and are often led by what they hear to follow up the new train of ideas thus opened to them, and to enlarge their knowledge by Books when procurable. Moreover this is an entertainment which the women can share with their husbands.

23. The Lecture Room should also be available for such amusements of an intellectual character as the Committee from time to time may sanction.

24. The expense of lighting up* the Library at night will be amply compensated by the additional inducements that will thereby be presented to the Soldiers to avail themselves of the advantages of the Institution, instead of having recourse to the less wholesome excitements of the Canteen or the Native Bazar.

25. The Committee having thus examined and commented upon, in detail, the several parts of the scheme submitted for their consideration, are unanimous in opinion that it is in the highest degree worthy of the liberal patronage of Government, bearing, as it does, upon the future character and career of the British Soldier in India, for whose benefit it is designed, and serving too, as it may, for a model, wherefrom, if successful, to found other similar Institutions for the amelioration of the Soldiers' lot in this land of exile; in accordance with the spirit of Sir James Outram's "Supplementary Minute" of 22nd January last, to which the Committee's attention has been particularly directed.

26. Finally, in consideration of that distinguished Officer's benevolent and persevering efforts to promote the British Soldiers' greatest good, the Committee venture to suggest that the Building at Dum-Dum be designated (should the present scheme be adopted)

"THE OUTRAM INSTITUTION."

27. Should these recommendations meet the approval of Government, it is very desirable that the Building should be at once placed at the disposal of the Committee, with a view to its being put in a state of thorough repair.

The recommendations of the Committee were submitted to Government with the full approval of His Excellency the Commander-in-Chief, and sanction has been accorded to the final Estimates and proposals. The Artillery Mess House which was purchased by Government for general purposes, has been ordered to be made over to the Committee, in order that a commencement may be made without delay, and sanction has been given to an outlay of Rupees (2,500) two thousand and five hundred for furniture, &c., and to an expenditure of Rupees (116) one hundred and sixteen per mensem for Establishment and Lighting.

Appointment.—Captain G. M. Batten, 1st European Bengal Fusiliers, to be Post-Muster General in the Panjab and Trans and Cis Sutlej States.

No. 2155.

The, 6th November 1860.

Notification.—The following Orders of Her Majesty in Council, dated the 27th August 1860, are published for general information:—

At the Court at Balmoral, the 27th day of August 1860.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS, by the "Foreign Deserters' Act, 1852," it is provided that, whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending Seamen who desert from British Merchant Ships in the Territories of any Foreign Power, Her Majesty may, by Order in Council stating that such facilities are or will be given, declare that Seamen, not being slaves, who desert from Merchant Ships belonging to a subject of such Power, when within Her Majesty's Dominions, shall be liable to be apprehended and carried on board their respective Ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient.

And whereas it has been made to appear to Her Majesty that due facilities will be given for recovering and apprehending Seamen who desert from British Merchant Ships in the Dominions and Possessions of His Majesty the Emperor of all the Russias.

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said "Foreign Deserters' Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, Seamen, not being slaves, and not being British subjects, who, within Her Majesty's Dominions, desert from Merchant Ships belonging to the subjects of His Majesty the Emperor of all the Russias, shall be liable to be apprehended and carried on board their respective Ships: Provided always that if any such deserter has committed any crime in Her Majesty's Dominions, he may be detained till he has been tried by a competent Court, and until his sentence, if any, has been carried into effect.

And the Right Hon'ble the Lords Commissioners of Her Majesty's Treasury and the Secretary of State for India in Council are to give the necessary directions herein accordingly.

At the Court at Balmoral, the 27th day of August 1860.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS, by the "Foreign Deserters' Act, 1852," it is provided that, whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending Seamen who desert from British Merchant Ships in the Territories of any Foreign Power, Her Majesty may, by Order in Council stating that such facilities are or will be given, declare that Seamen, not being slaves, who desert from Merchant Ships belonging to a subject of such Power when within Her Majesty's Dominions, shall be liable to be apprehended and carried on board their respective

Ships, and may limit the operation of such order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient.

And whereas it has been made to appear to Her Majesty that due facilities will be given for recovering and apprehending Seamen who desert from British Merchant Ships in the Territories of the Republic of Nicaragua.

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said "Foreign Deserters' Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication thereof in the *London Gazette*, Seamen, not being slaves, and not being British subjects, who, within Her Majesty's Dominions, desert from Merchant Ships belonging to Citizens of the Republic of Nicaragua, shall be liable to be apprehended and carried on board their respective Ships: Provided always that if any such deserter has committed any crime in Her Majesty's Dominions, he may be detained till he has been tried by a competent Court, and until his sentence, if any, has been carried into effect.

And the Right Hon'ble the Lords Commissioners of Her Majesty's Treasury and the Secretary of State for India in Council are to give the necessary directions herein accordingly.

FINANCIAL DEPARTMENT.

MEMORANDUM.

THE arrangement of the Correspondence published in pages 2318 and 2319 of the *Calcutta Gazette* is cancelled, and the following is substituted for the same:—

No. 9039.

EXTRACT from the Proceedings of the Government of India, in the Financial Department, dated 25th September 1860.

Read the following:—

No. 2106, HOME DEPARTMENT, FORT WILLIAM, THE 22ND SEPTEMBER 1860.

FORWARDED to the Financial Department, with reference to the Extract No. 5041, dated the 7th instant, from that Department.

From W. S. SITON-KARR Esq., Officiating Secretary to the Government of Bengal, to the Secretary to the Government of India, Home Department, No. 2409, dated Fort William, 18th September 1860.

REVENUE,
Income Tax.

SIR,—I AM directed to forward, for the consideration and orders of His Excellency the Governor General in Council, the accompanying copy of a letter* from the Commissioner of Bhawalpore, submitting for decision two questions bearing on the Income Tax Act.

1. With regard to the first question, the Lieutenant Governor does not think that the Act allows an Assessor to employ others with or without an Oath of Secrecy to read Assessment Returns.

2. As regards the second question, the Lieutenant Governor is of opinion that the Return for land should be made in the District where the land is situated.

From G. U. YUZE, Esq., c. b., Commissioner of Bhawalpore, to the Secretary to the Government of Bengal, No. 160, dated 5th September 1860.

SIR,—MAY I beg the favor of a speedy reply to the two following questions regarding the Income Tax, as until my doubts are satisfied, I cannot fix the number of Assessors for these Districts, or make a selection of persons for Assessors:—

1st.—Is an Assessor required by Law to read himself in fulfilment of the Oath of Secrecy all Returns of Income made to him, and with his own hand make the entries in the abstract (Section 403) and prepare the duplicates of assessment (Section 143)?

If so, then all European and Native Deputy Collectors are shut out from being Assessors, or from exercising the powers of a Collector with regard to the Income Tax in this Division, because the Returns will be in four languages and principally in Nagree, which language no European and

no Native Deputy Collector, and very few Natives of a class likely to afford Assessors, can read fluently or write at all.

If not, then the Oath of Secrecy is, I suppose, to be administered to the Subordinates who will have to read the Returns and write the entries, &c., after the assessment has been made by the Assessor or Deputy Collector.

2nd.—Is the Return for an Estate, according to Rule 4, Section 97, whose owner is non-resident, to be made by his Agent under either Section 10 or Section 80 in the District where the Estate lies, or is it to be made by the owner in the District where he may reside, and where is the assessment to be made?

If the Returns and assessment of an Estate here, for instance, are to be made in Calcutta because the owner resides there, then the cheating will be enormous and the confusion and correspondence tremendous.

FINANCIAL DEPARTMENT, FORT WILLIAM, THE 25TH SEPTEMBER 1860.

Resolution.

HIS Excellency the Governor General in Council agrees in the view taken by the Hon'ble the Lieutenant-Governor of Bengal in respect to the first question. The Returns of Income should be required to be made in English, or in the Official language of the District.

2. With respect to the second question, His Excellency in Council considers, that the Return for an Estate, the owner of which is non-resident, should be made by his Agent in the District where the land is situated.

ORDERED, that a copy of the above be forwarded to the Home Department for information and communication to the Government of Bengal.

Ordered also, that a copy of the above be forwarded to the Foreign Department for information and communication to the Administrations under that Department.

Ordered further, that a copy of the above be forwarded to the Governments of Madras, Bombay, North-Western Provinces, the Punjab, and the Straits Settlements for information and necessary orders.

Revenue.

SIR,—WITH reference to paragraph 2 of the Resolution of the Government of India in the Financial Department, No. 9039, dated the 25th

ultimo, (forwarded with your Office Memorandum No. 2203 of the 3rd instant,) in which His Excellency the Governor General in Council decided that the Return under Rule 4, Section XCVII. Act XXXII. of 1860, for an Estate, the owner of which was non-resident, should be made by the Agent in the District where the land might be situated, I am desired to forward, for the consideration and orders of His Excellency, a copy of a letter No. 77, of the 8th instant, from the President of the Income Tax Commission, containing a proposition on the same subject.

2. The Commission recommend that one *general* Return of *all* lands and house property should be made in the District where the party resides, and that the Return of land and property held in *any one District* shall be made to the Collector of that District.

3. The Lieutenant-Governor thinks the modification desirable, and accordingly recommends it for the sanction of the Supreme Government.

No. 77.

FROM A. GROTE, Esq.,

President of the Income Tax Commission,

TO W. S. SETON-KARR, Esq.,

Offg. Secy. to the Govt. of Bengal.

Dated the 8th October 1860.

SIR,—I HAVE the honor to request the instructions of His Honor the Lieutenant-Governor on the following point.

2. The Act provides (Rule 4, Section XCVII.) for a general Return of all lands and house property in *whatever District situated*. There are many wealthy residents of Calcutta and the Suburbs, who hold such property in a dozen Districts, and even beyond the limits of the Lower Provinces, and they are puzzled where to make their Returns.

3. Strictly speaking, they should make Returns not only to our Commission but to the Collectors of the several Districts in which their property is situated. But it is better, we think, to dispense with such repetitions. For the purposes, of the Acts, it will be sufficient if such parties make one general Return of *all* their land and house property, and confine their District Returns to an enumeration of what they hold in the particular District in which the Return is made. The general Return should always be made to the Commissioner or the Collector of the District in which the party resides.

4. I think it very necessary that there should be one general Return of land and house property. There are many residents of Calcutta who hold such property, rent free lands especially, in Districts, the Collectors of which have no record or knowledge of their ownership. A general rule on the subject will be necessary, should His Honor

the Lieutenant-Governor take the same view of it, which is held by our Commission.

RESOLUTION.—His Excellency the Governor General in Council resolves, that paragraph 1 of the Financial Resolution noted above, be modified as follows:—

Present Ruling.

His Excellency the Governor General in Council agrees in the view taken by the Hon'ble the Lieutenant-Governor of Bengal in respect to the first question. The Returns of Income should be required to be made in English, or in the Official language of the District.

Altered Ruling.

His Excellency the Governor General in Council agrees in the view taken by the Hon'ble the Lieutenant-Governor of Bengal in respect to the first question, provided the Returns of Income are made in English, or in the Official language of the District; if made in any other language which may be unknown to the Assessor, the Oath of Secrecy should be administered to the Subordinates, who will have to read the Returns and write the Entries, &c., after the Assessment has been made by the Assessor or Deputy Collector.

The 2nd paragraph of the Resolution to be retained without any alteration.

ORDER.—Ordered, that the above Resolution, now modified, be published in the *Calcutta Gazette*.

Offg. Military Auditor General,
and Controller of Military Finances,

TO THE SECY. TO THE GOVT. OF INDIA,
Military Department.

Port William, the 1st August 1860.

SIR,—I have the honor to state that the Presidency Pay-Master has enquired, with advertence to Clause 127 of Act XXXII. of 1860, whether Pensioned Soldiers equally with effective Non-Commissioned Officers and Privates, are exempted from the Income Tax.

Chelsea Pensioners in England do not pay the Tax; but that may be, because War Office Regulations, Page 236. it does not extend to Incomes so small as their stipends.

They are also liable to serve in a Veteran Battalion, or in a Regiment of the Line within the United Kingdom.

It was intimated in Government letter No. 579, of 16th February 1853, that Pensioners are not subject to Military Law but to the Civil Tribunals.

If the Income Tax be recovered from Military Pensioners, I apprehend that the Pensions of European and Native Officers will be liable equally with the stipends of Non-Commissioned Officers and Privates.

There does not appear to be any exemption in the Act.

RESOLUTION.—The Right Hon'ble the Governor General in Council resolves that Military Pensioners, as coming within the spirit of Section CXXVII. of the Income Tax Act, are exempted from the Tax.

ORDERED, that a copy of the above be transmitted to the Financial Department for information.

2. From the accompanying correspondence* it will be remarked that there is a difference of opinion as to the true intent of Section CXCL.

3. The meaning of the Act appears to me to be that duties assessed under Schedules 1 and 2 shall be paid into the Treasury of the Presidency Towns, Stations in the Straits Settlements, or Districts in which they shall be assessed, and that a separate account thereof shall be kept in such Treasury; and that such duties, together with receipts specified in Section CCXLI., are the residue referred to in Section CXCV.

4. Further it appears to me that duties paid under Schedules 3 and 4 are to be shown in a separate account in the Treasury into which they are paid, and that the total amount so paid throughout India is ultimately to be appropriated in the manner laid down in Section CXCIII.

OPINION.

I AM clearly of opinion that the Bill in question is not subject to any deduction in respect of Indian Income Tax, and should be paid in full.

I presume, from its date, that the Bill is one drawn in London in payment of a Note of the 5½ per Cent. Loan, Enfaced for payment in London by Draft in Calcutta before the Treasury announcement in Calcutta that no Promissory Notes would be so Enfaced for the future, otherwise than subject to the deduction of Indian Income Tax. The

holders of all Notes of the Government of India Enfaced, before the Income Tax came into operation, for payment of Interest in London by Draft in Calcutta, without the addition of the words "subject to Indian Income Tax," or similar words, will be entitled, I think, to receive the Bills in London for the amount of the Interest, without any deduction of Indian Income Tax; and the holders of the Bills so drawn will be entitled to payment of them in India without any such deduction; and even as to Notes Enfaced after the Income Tax came into operation, if the authorities in London omit to notify on the face of the Bill that it is subject to Indian Income Tax, any *bond fide* holder of the Bill for value, without notice, may claim payment of the amount of the Bill without deduction in Calcutta.

The circumstances that English Income Tax has been deducted (whether rightly or wrongly) from the amount of the Bill in London can in no way affect the question as to the deduction of Indian Income Tax from the amount of the Bill in Calcutta.

REVENUE.

SIR,—SECTION CXXXIII. Act XXXII. of 1860 empowers the Local Government, subject to the approval of His Excellency the Governor General in Council, to exempt from the duties chargeable under the Act, all property, whether moveable or immoveable, which may be exclusively devoted to religious or quasi-religious and charitable public purposes.

2. The Lieutenant Governor is strongly disposed to exempt all such property entirely from the operation of the Act. He is not insensible to the force of the argument which may be brought against all such exemptions. He readily admits that the very essence of an Income Tax is its universality, and that every exemption adds to the hard bearing of the impost on those who have to pay it. But it is the Lieutenant-Governor's belief at the same time that all classes of the community, Christian, Mahomedan, and Hindoo in these Provinces, would rather favor and commend the exemption now advocated than resent it, and would pay their own quota with all the more willingness because of such exemption.

3. It is not intended by this that the personal income of Religious should be exempted from duty. Those will be charged as the Income of a Trader or a Lawyer would be, *property only*, whether moveable, or immoveable being excepted.

4. The Income Tax Receipts will be but little diminished, the Lieutenant-Governor thinks, by this exemption, while the chances of opposition to the execution of the Act, and the risk of arousing the religious fanaticism of the Mahomedan and Hindoo classes, will be averted.

5. I am desired by the Lieutenant-Governor to request the earliest practicable reply to this proposal.

I AM desired in reply to Mr. Couper's letter No. 3A., of the 1st instant, to state that the Governor General in Council concurs in opinion with you, that all property clearly proved to be exclusively devoted to religious and charitable public purposes should be exempted from Income Tax, on the understanding, however, that the Income of individuals derived therefrom will be taxed, provided it be in excess of Rupees 200 a year.

REVENUE.

SIR,—I AM directed to forward, for submission to His Excellency the Governor General of India in Council, the accompanying Extract (paragraphs 1 to 3) from a letter this day addressed to the President of the Income Tax Commission, and to state that the Lieutenant-Governor will be glad of instructions from His Excellency in Council on the two first points therein referred to, namely, whether a gentleman in private business should be allowed to continue in that business after his appointment as an Assessor; and whether Sircars should be employed to aid the Assessors in their enquiries for the names of parties residing in their respective Divisions.

2. I am at the same time desired to transmit, for the consideration and orders of the Government of India, the accompanying Extract (paragraph 4) from Mr. Grote's letter, relative to a mistake in the amount of salary proposed for the Clerk to the Commissioners.

I have, &c.,

(Sd.) H. BLIT,

Under-Secy. to the Govt. of Bengal.

Extract from a letter from the Under-Secretary to the Government of Bengal, to A. GROTE, Esq., President of the Income Tax Commission, No. 2302, dated the 7th September 1860.

Para. 1.—I AM directed to acknowledge the receipt of your letter No. 4, dated the 31st August last, and with reference to paragraph 1, in which you enquire whether it is necessary that an Assessor of the Income Tax shall devote the whole of his time exclusively to the duties of that Office, I am desired to inform you that the Lieutenant-Governor apprehends that it will be generally expedient that an Assessor should devote the whole of his time exclusively to his duties under the Income Tax Act; but the Commissioners may perhaps be aware that Mr. Heysham was allowed to retain his small Office of Collector of Suburban Horse and Wheel Tax with his Assessorship, and that Mr. Baker, who is understood to have much spare time at his disposal as Superintendent of Salt Golahs at Howrah, has been allowed to join to his duties in that capacity those of an Assessor for Howrah, on a

reduced salary. The highest amount of salary authorized for a Presidency Assessorship is so small, and there is consequently so much difficulty in obtaining qualified men to fill the Office, that it has been found advisable in these instances to allow the Office of Assessor to be held with another Public Office not occupying much of the holder's time.

2. But the Lieutenant-Governor believes that the Commissioners have in view, in putting this question now, the question whether a gentleman in private business should be allowed to continue to employ himself in that business after his appointment as Assessor. This involves other considerations besides that of time for the duties of the Government Office. The general rule is against salaried Officers in the Revenue Department being engaged in private business. But on this point the Lieutenant-Governor will take the instructions of the Government of India.

3. On the question of allowing Sircars to aid the Assessors in their enquiries for the names of parties residing in their respective Divisions, I am directed to state that it still appears to the Lieutenant-Governor that the employment of persons of this sort, on necessarily very low salaries, in any part of the business of Assessment, would be contrary to the spirit of the instructions of the Government of India, and would facilitate abuses, which it is an object of the first importance to avoid. But the Lieutenant-Governor will take the orders of the Government of India on this point also.

Extract from a letter from A. GROTE, Esq., President to the Income Tax Commission, to A. MONEY, Esq., C. B., Officiating Secretary to the Government of Bengal, dated the 31st August 1860, No. 4.

Para. 4.—I avail myself of this opportunity of correcting a mistake in regard to the salary of the Clerk to the Commissioners. As stated in my letter of the 16th instant, it was intended that this should be fixed at the amount which he has been receiving as Clerk of the Indigo Commission, which I believed to be Rupees 400, instead of Rupees 450, which I find he has actually been drawing. I request that the necessary steps may be taken to rectify this error.

SIR,—I am directed to acknowledge the receipt of Mr. Under-Secretary Bell's letter No. 2893, dated 7th instant, and in reply to inform you that the Governor General in Council considers, in respect to the first point, that a gentleman in private

business should not be allowed to continue in that business after his appointment as an Assessor. If the scale of salary now fixed for the Income Tax Assessors be found insufficient to secure the services of efficient and respectable men, who will devote their whole time to the duties of Assessment, the Governor General in Council requests that His Honor the Lieutenant-Governor of Bengal will propose salaries for the Assessors within such limit as he may deem necessary.

2. Regarding the second point, I am desired to observe that the employment of Sircars to aid the Assessors in their enquiries for the names of parties residing in their respective Divisions is, in the opinion of His Excellency in Council, highly objectionable. He considers that such enquiries should be conducted by the Assessors themselves, and that the employment of Sircars should not be resorted to except in cases of last necessity.

3. Referring to the third point, the Governor General in Council is pleased to sanction the increase proposed to the salary of the Clerk to the Income Tax Commission, viz. from Rupees 400 to 450 per month.

ORDERED, that a copy of the above letter be sent to the Home Department, with reference to Endorsement No. 2012, dated 12th instant.

THE Civil Auditor has, in auditing the Pay Abstract of this Office for August last, taxed that portion of the salary of the Establishment which, in the shape of *Fines*, is credited to Government.

Under Rule 12, Section C. of the Income Tax Act, all Official deductions are exempted from taxation.

The Auditor, or rather his Establishment, thinks that fines imposed by the Head of an Office are like fines imposed by the Police or any Judicial Authority.

The undersigned Assistants beg that the Secretary will be kind enough to issue instructions for the refund to them of the amount retrenched from their pay on account of the Tax levied on their Fines.

FROM H. D. SANDEMAN, Esq.,

TO C. H. LUSHINGTON, Esq.,

Secretary to the Govt. of India,

Fort William, the 17th September 1880.

SIR,—I HAVE the honor to acknowledge the receipt of your Memorandum No. 9224, forwarding for report a representation, signed by eight Clerks of your Office, stating that I have, under the Income Tax Act, "taxed that portion of the Salary of the Establishment which in the shape of *Fines* is credited to Government," and requesting that I may be directed to refund the same, in virtue of the provisions of Rule 12, Section C. of the Act.

2. The Rule quoted refers to "Official deductions" from Salaries, and the question at issue is, therefore, whether a fine is to be regarded in the light of an Official deduction, or treated simply as a punitive measure. I have allowed no exemption in such cases on the supposition that fines should be held in the latter of these two senses, and therefore no more admissible to the indulgence of exemption than they would be were they inflicted by a Police Magistrate or other Judicial Authority, the argument of which is, that the Government should not in equity suffer through the misbehaviour of an individual.

3. The question is a nice one, and I have been asked in one instance how I would proceed in the supposed case of a man being fined to the full extent of his salary, where there would be nothing left to tax from; yet the same argument would appear to me to apply even here, and that A. B., a Clerk in an Office, drawing Rupees 100 per mensem would not escape the payment of Income Tax were he fined even to the full extent of his salary by a Judicial Authority for misbehaviour.

I have, &c.,

Extract from the Proceedings of the Government of India, in the Financial Department, dated the 21st September 1880.

READ a Memorandum by Mr. C. Ashe and seven other Assistants, belonging to the Office of the Secretary in this Department, dated 15th instant, representing that the Civil Auditor has, in auditing the Pay Abstract of the Office for August last, taxed that portion of the salary of the Establishment which, in the shape of *Fines*, is credited to Government, although, under Rule 12, Section C. of the Income Tax Act, all Official deductions are exempted from taxation.

Read Endorsement to the Officiating Civil Auditor, Fort William, No. 9224, dated 15th instant, forwarding the above for report.

Read a letter from the Officiating Civil Auditor, Fort William, No. 2979, dated 17th instant, stating, with reference to the above, that "the Rule quoted refers to 'Official deductions' from salaries, and the question at issue is, therefore, whether a fine is to be regarded in the light of an Official deduction or treated simply as a punitive measure."

The Auditor says that he has "allowed no exemption in such cases, on the supposition that fines should be held in the latter of these two senses, and therefore no more admissible to the indulgence of exemption than they would be were they inflicted by a Police Magistrate or other Judicial Authority, the argument of which is, that the Government should not in equity suffer through the misbehaviour of an individual."

RESOLUTION.—The Governor General in Council observes, that the Auditor is wrong in the above view.

2. It cannot, in the opinion of His Excellency in Council, be intended that Clerks should pay Income Tax on any portion of salary stopped by way of fine by the Head of the Office in which they are serving, in the manner indicated in the cases adverted to; and he accordingly directs that, in the cases in question, the amount of Tax so levied be refunded. The Assessment should be made only on the amount paid to the Clerks, though the fact of that amount being liable, or otherwise, in any particular month, will fairly be held to turn on the total amount of salary assigned to their respective appointments.

3. Thus, a man whose salary is Rupees 20, and who has been fined 10 Rupees in any month, will in that month have to pay Income Tax on 10 Rupees only.

ORDERED, that a copy of the above Resolution be forwarded to the Civil Auditor, Fort William, for information and guidance, with reference to his letter above noticed.

Ordered also, that a copy of the above Resolution be sent to the Sub-Treasurer, Fort William, for information and guidance.

Ordered also, that a copy of the above Resolution be forwarded

2. This enquiry, it appears to the Governor General in Council, is made with reference to the provision contained in Section CXXX. of the Act that " Ryots and persons in the occupation of lands for agricultural purposes, and actually engaged in the cultivation and depasturing of the same, shall not be chargeable with the said duty in respect only of the occupation of such lands, unless the rent paid by such Ryots or persons in respect of such occupation, whether under direct engagement for the same with Government or not, shall amount at least to Rupees 600 per annum; and such

the full annual value of such land at a rack rent shall exceed that amount."

8. In reply, I am directed to state, that Section CXXX. does not appear to give exemption in cases in which Ryots are possessed of property other than what is derived from the occupation of lands, and that the rental of land below Rupees 600 per annum ought, therefore, in the opinion of His Excellency in Council, to be taken into consideration in determining the aggregate of a person's Income, with the view of deciding as above.

Income Tax.

SIR,—THE Officiating Civil Auditor of these Provinces has submitted for decision a question, as to whether Deputation Allowance, drawn by an Establishment while on the Tour, is distinguished from Travelling Allowance, which is exempted by Section CXXIX. of Act XXXII. of 1860, and which is drawn in addition to Deputation Allowance while such Establishment is actually on the march, is assessable under the Income Tax Act.

2. The Lieutenant-Governor is of opinion that Deputation Allowance, drawn by a Government Establishment while on Tour, is chargeable with duty under Act XXXII. of 1860. It is not exempted by Section CXXIX. of the Act in express terms, and by those terms His Honor presumes we must be guided, although the allowance in question is very much in the same category with "Travelling Allowance," being granted to enable the parties to meet the additional expenses incidental to absence from the Head-Quarters of the Government.

3. But as the period for which such Deputation Allowance may be drawn will vary, a doubt arises as to the rules under which the duties should be assessed.

4. It may be regarded, *First*, as "a payment made by Government" to a Public Officer "requiring Audit," and in that case duties will be assessable under Rule 1 of Section C.

5. It may be regarded, *Secondly*, as included in the "other profits" referred to in Section C., as "accruing by reason of an Office or employment," and in that case, under Rule 3 of the Section cited, the duties would be assessable according to "the provisions of Part IV. of the Act."

6. *Thirdly*, it may be looked upon as "the additional salary, perquisite, or profits," contemplated in Rule 13 of the same Section, in which case, as it, namely the Deputation Allowance, is "a payment made by Government," and "requiring Audit," the duties would be assessable by the Civil Auditor as ex-officio Assessor under Rule 1.

7. The Lieutenant-Governor is inclined to think that this latter is the correct view. This Deputation Allowance, payable by Government for varying periods, is *pro tempore* an additional profit accruing by reason of the Public Office which the recipient holds, and seems to come within the intention of Rule 13.

8. But even if this be the case the difficulty does not cease to exist. For instance, A. is in the receipt of a fixed monthly salary of Rupees 40 per mensem, or 480 per annum. If he have no other source of Income, A. is chargeable to the duties at the rate of two per Cent. on his salary. But if A. receive Deputation Allowance of the nature of that under notice, at the rate of Rupees 5 per mensem, for six months during the year of assessment, his whole Income for the year will be raised above Rupees 500, and the proper rate of assessment, in that view, will be four per Cent.

9. According to Rule 1 of Section C. the assessment in respect of "any payment made by Government" must be made at the time of Audit. Therefore for the six months during which, in the case above supposed, A. will draw no Deputation Allowance, he will be assessed by the Civil Auditor at the rate of two per Cent., and during the remaining six months at the rate of four per Cent. In such a case, His Honor presumes, it would be the duty of the Civil Auditor to surcharge, or make an additional assessment, under Rule 13, to the extent of the difference between the amount of the duties as charged for the one period of six months at the rate of two per Cent. and the amount of the same computed at four per Cent.

10. The Lieutenant-Governor begs the instructions of His Excellency the Viceroy, in Council on the subject.

SIR,—I am directed to acknowledge the receipt of your letter No. 94, dated the 10th ultimo, requesting the instructions of this Government as to whether Deputation Allowance, drawn by an Establishment while on Tour, is distinguishable from Travelling Allowance, which is exempted from Income Tax, and which is drawn in addition to Deputation Allowance, is assessable under the Income Tax Act.

2. In reply I am desired to intimate, for the information of the Hon'ble the Lieutenant-Governor, that the Governor General in Council is of opinion that there is a clear difference between an

allowance given specifically for travelling and an allowance (Deputation Allowance) given under peculiar circumstances, for the purpose of bringing up the salary proper of an Officer to an amount equivalent to that at which his salary, virtually diminished to him by those peculiar circumstances, would otherwise stand; and hence His Excellency in Council agrees with His Honor the Lieutenant-Governor in thinking that Deputation Allowance should, like the salary proper, be taxed.

I beg therefore to be informed if they will be called on to fill in their Returns and pay here, or if they come under the denomination of the Companies alluded to in Sections LXXXVIII. to XCII. of Act XXXII. when the Tax would be paid at Calcutta, agreeable to Section LXXXIX. The term "Company" is defined, at Paragraph 7, Section CCXLVIII, as "any Society, Association, Fraternity, or Partnership of any kind whatever, carried on by more than six persons." I therefore presume the Missionaries may be left to the head of their Fraternity.

Dated Lucknow, the 13th October 1860.

REVENUE.

SIR,—IN reply to your letter No. 1961, dated 10th instant, regarding the liability of Missionaries to the operation of the Income Tax, I am directed to state that the Chief Commissioner thinks that the Missionaries of the Church of England constitute a Society within the meaning of Act XXXII. of 1860, but he is not certain whether Missionaries of other denominations (the American for instance) are organized as a Society, and this point should be ascertained.

No. 109.

FINANCIAL DEPARTMENT.

Fort William, the 1st November 1860.

To the Governor-General in Council the view expressed by the Chief Commissioner of Oudh, in his Officiating Secretary's letter No 3681, dated the 13th ultimo, to the address of the Commissioner of the Lucknow Division, does not appear to be correct.

His Excellency in Council observes that the funds of the Missionary Societies will be assessed at Head-Quarters, on Returns furnished by the Secretaries or Principal Agents, under Section LXXXIX. of the Income Tax Act; but as the Salaries and General Incomes of the Missionaries are liable to separate assessment, each Missionary ought, it appears to His Excellency in Council, to give in Returns, and pay the amount of his Assessment at the place at which he may be residing.

ORDERED, that a copy of the above be sent to the Foreign Department for information, with reference to Endorsement from that Department No. 5016, dated the 24th ultimo. :

Ordered also, that the above Resolution and Papers be published in the Calcutta Gazette.

By Order of the Governor-General in Council

C. HUGH LUSHINGTON,
Secy. to the Govt. of India.

Notification

ALAPORE JAIL PRESS.

1 With reference to Notifications Nos. 4672 and 5088, dated 10th January and 20th March 1860, published in the *Calcutta Gazette* of 14th January and 21st March 1860 respectively, it is hereby intimated, for general information, that the rates for the printing of Forms in the Lithographic and Typographic Departments of the Alapore Jail Press have, with the sanction of the Government, been reduced 50 per cent.

2 All Public Officers indenting for forms are requested to submit their indents at least three months before the stock in hand is exhausted.

3 If possible, indents for regular annual supplies should not be sent later than in December of the present year. Much additional expense in packing, and risk of injury in transit, will be saved by the forms being supplied during the dry season.

4 In future years, indents for yearly supplies should be submitted not later than in the month of October.

5 All indents should specify, in appropriate columns, the stock in hand, the amounts supplied on the preceding indent, and the quantity required for the ensuing year.

6 Emergent indents are only to be submitted in cases of real emergency, the cause of the emergency being duly stated in the column of remarks.

7 Transmitting letters are not required in the submission of indents, but each indent should be numbered, dated, and submitted in duplicate.

8 The following plan of adjustment of accounts for the form-work executed at the Press, has received the sanction of the Government, and is to be carefully observed, in order that the accounts of the Press, and of Indenting Officers may be speedily adjusted.

With every package of forms supplied, a list will be sent from the Press, specifying the nature and number of the forms furnished. As soon as the forms have been received by the indenting officer, and it has been ascertained that the list is correct, it will be signed by the said receiving officer and transmitted to the Superintendent of the Jail Press.

The bill for the work done will be prepared in the Press, and with the list referred to above, as a receipt and voucher, will be sent to the Civil Auditor for examination and audit. When passed by this Officer, it will be transmitted to the Accountant of the Government of Bengal, who will credit the amount sanctioned to the Jail Press, and debit the cost to the Officer or Department to whom or to which the forms have been supplied.

- I. Mathematics.
- II. Mechanical Philosophy.
- III. Natural and Experimental Science.
- IV. Construction.
- V. Drawing.
- VI. Geometry.

I.—MATHEMATICS.

Arithmetic.

Algebra.

Simple and Quadratic Equations, Ratio, Proportion and Variation, Arithmetical and Geometrical Progression, Binomial Theorem, Logarithms.

Geometry.

Euclid—Books 1, 2, 3, 4, 6, and 11 to Prop. 21, with Deductions.

Cone Sections, treated Geometrically or Analytically

Trigonometry

As far as the solution of all cases of Plane Triangles.

Mensuration.

Mensuration of Surfaces and Solids.

* Special provision is made for those Students who, in the Session 1859-60, were, or at any previous time had been, Members of the Civil Engineering College, Calcutta. All such shall be admitted to the Examination for the Degree of L. C. E. on the production of a Certificate that they have attended, during a period of three years, of the Civil Engineering College. The result of such Examinations shall be recorded, but the Degree of L. C. E. shall itself not be conferred until the Candidate shall have obtained the other Certificates required for this Degree.

II.—MECHANICAL PHILOSOPHY.

Statics.

Composition and Resolution of Forces, Centre of Gravity.
Mechanical Powers.
Virtual Velocities.
Friction.

Dynamics.

General Laws of Motion
Motion of falling bodies in free space and down inclined planes.
Vibration of simple pendulums.
Collision of Bodies.
Central Forces.
Moments of Inertia.
Centre of Oscillation.

Hydrostatics.

Equilibrium of Fluids.
Specific Gravity.
Equilibrium of floating Bodies.
Centre of pressure.
Elastic fluids.
Principles of the Barometer and Thermometer and application to determine heights of Mountains; of the Air Pump, Condenser, Pump, Siphon, and Hydrostatic Press.

Hydrodynamics.

Motion of fluids through a small orifice.
Percussion and Resistance of fluids.

Optics.

Laws of reflection, and refraction, at Plane and Spherical surfaces. Formation of Images: simple and compound Lenses; the Eye; Principles of the Sextant, Telescope, and Microscope.

III.—NATURAL AND EXPERIMENTAL SCIENCE.

Chemistry.

The Elements of inorganic Chemistry, as laid down in Chambers' Course, and as applied to the preparation of wrought-iron, steel, and cements.

Heat.

Elementary Laws of Heat, with reference to steam and combustion of fuel.

Mineralogy.

Physical Characteristics of Minerals.

Physical Geography.

With special reference to that of India.

IV.—CONSTRUCTION.

Materials.

Stones, Preparation of Bricks and Tiles. Mortars and Cements. Paints. Iron and Steel. Preservation of Timber.

Practice of Building.

Earth-work.

Construction of Roads.

Construction of Rail roads.

Selection of Line. Cuttings and Embankments. Tunnels. Gradients. Curves.

The Practice of Bridge Building.

Carpentry.

Scarfs. Joints. Centres for Bridges. Roofs.

Hydraulic Works.

Flow of water in pipes and open channels and over Weirs. Tanks. Canals. Sluices. Locks.

Strength of Materials.

Resistance of Iron and Wood to compression, tension, transverse and longitudinal strains and deflection. Deflection of Beams. Various forms of Beams, solid and hollow.

Stability of Structures.

As applied to retaining Walls, Bridges, Abutments, Walls of Buildings, and Framed Structures.

Mechanisms.

Motion.—Machines, advantages and uses of.
Elementary forms.—Levers, Cranks, Rolling contacts. Sliding contacts. Mechanism for modifying motion. Accumulation and Regulation of motion.
Sources of power.—Gravity. Wind. Heat. Muscular action.

The Steam Engine in detail.
Hydraulic Machines.—Overshot, undershot, and vertical wheels, Turbines, Reaction wheels.

Designs.

An original design for a work or works on given data, with report, specification, and estimate.

V.—DRAWING.

Geometrical, Mechanical, Engineering, and Architectural, Perspective, Isometrical Perspective, Free-hand and Landscape Drawing.

(Attested specimens of each kind to be submitted to the Examiners, in addition to the specimens to be executed during the Examination; to which marks will be assigned.)

VI.—GEODESY.

Use of the Sextant, Prismatic Compass, Level, Theodolite, and Plane Table.

Topographical Surveying of limited areas.

Practice of levelling.

Route Surveying and laying out Curves.

Topographical Drawing.

7. There shall be twelve Papers of questions, namely:—

One Paper on Arithmetic and Algebra.
One Paper on Geometry and Conic Sections.
One Paper on Practical Trigonometry, Logarithms, and Mensuration.

One Paper on Statics and Dynamics.

One Paper on Hydrostatics and Optics.

One Paper on Chemistry and Heat.

One Paper on Mineralogy and Physical Geography.

One Paper on Materials and Practice of Building.

One Paper on Laying out Earth-works and construction of Roads and Rail roads.

One Paper on Carpentry and Mechanism.

One Paper on Hydraulic Works.

One Paper on Strength of Materials and Stability of Structures.

One day Drawing and Estimating.

One day *mod voce* Examination.

8. The subjects shall have the following maximum marks assigned to them:—

Mathematics	700
Mechanical Philosophy,	500
Natural and Experimental Science	400
Construction	1,200
Drawing	600

Notice

Is hereby given, that the Cachar Mela, or Annual Fair, will be held at Silchar, in Cachar, on the 30th and 31st December 1860, and the 1st, 2nd, and 3rd of January 1861.

Prizes will be given for the best specimens of Cattle, Raw Products, and Manufactures brought for Sale, a competent Committee being selected to determine the above.

Shops will be erected as heretofore for the convenience of Traders who may feel disposed to attend.

Races, Games, &c., open to all, will be held as usual, and a display of Fire-works take place.

N. B.—The last Mela was attended by a great number of people, and the results were so gratifying, as to encourage its continuance annually.

Many Buffaloes, Cows, Ponies, and Goods of all sorts and kinds were brought for sale, and readily disposed of.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE will henceforward be published, weekly or twice a week, according to circumstances, containing such Official Papers and Information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately, on a payment of six Rupees per annum if delivered in Calcutta, or twelve Rupees if sent by post.

No Official Orders or Notifications the publication of which in the GAZETTE is required by law, or which it has been customary to publish in the GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to, as heretofore.

Report by the Customs Committee on the Calcutta Tariff of Valuations

Home Department, November 1860.

From the CUSTOMS COMMITTEE to the Secretary to the Government of India,—(dated Fort William, the 20th October 1860.)

THE Committee, appointed under the Resolution of Government in the Home Department, dated 29th ultimo, having duly considered the subjects to which their attention was primarily directed, have the honor to submit the following report.

2. The Committee were directed in the first place to consider, with special reference to the complaints against the Calcutta Tariff, certain papers, furnished by the Secretary to Government in the Home Department, consisting for the most part of representations which have, from time to time, been addressed to the Secretary of State for India, respecting the increased fixed valuations for certain classes of goods adopted under the Calcutta Tariff of April last.

3. After satisfying themselves in regard to the disputed valuations of the Calcutta Tariff, they were desired to proceed in like manner to consider the feasibility of constructing an uniform Tariff of Valuations for all India.

4. With reference to the first point, the Committee, after giving their most earnest attention to the subject, are clearly of opinion that the Calcutta Tariff of April is open to the objections that have been raised to it, inasmuch as it is inequitable in principle, and as regards many of the chief articles of Import excessive in its valuations.

5. The Calcutta Tariff of April appears to the Committee unfair alike to Government and to Importers, in so far as the valuations have been adjusted on a system of averages, the practical

effect of which necessarily is, to admit the higher classes of certain Fabrics at a duty very much below that to which they are liable by law, whilst the lower qualities of the same fabric are weighed down by the incidence of duties calculated upon a valuation very much in excess of their real worth in the market. The only manner in which such a system could be expected to work fairly to all, would be on the supposition that all those engaged in the Trade imported equal quantities of the high and low qualities, and thus gained on the one hand what they lost on the other; but a calculation based upon any such hypothesis is manifestly erroneous.

6. It is true that this practice has been in force for many years in the Port of Calcutta, and that it is only recently that objection has been taken to it. But it must be borne in mind that it is only within the last two years that the duties have been increased to 10 per Cent. So long as the duties were only 5 per Cent., and were levied on a moderate fixed valuation, the difference of the duty per piece between the higher and lower qualities, even if assessed at their real value, was comparatively so unimportant that Importers appear to have disregarded it rather than run the risk of difficulties and delays in passing their goods, by asking for a change in the well understood practice of the Custom House. The alteration of the duties to 10 per Cent., and the raising of the fixed valuations which took effect in April last, however so increased the incidence of the duties on the lower qualities as to cause attention to be strongly directed to the inequitable system on which such valuations were fixed, and has led to a general demand from parties interested in the Trade, both here and in England, for such an alteration in the mode of assessment as shall obviate these inequalities.

7. Again many articles have hitherto been entered in the Tariff of specific valuations which ought altogether to have been excluded, in

consequence of the great range of their quality, and consequently of their value, rendering it impossible either to classify the different qualities under distinct denominations, or to adjust their valuations upon any general average, which would not be obnoxious to the objections noticed above. Of this nature are Muslins, and indeed all white and coloured Cotton Goods and fancy Fabrics.

8. Whilst, however, admitting generally that the objections to the Tariff of April are based upon sufficient grounds, the Committee feel bound to observe that some of the arguments adduced by the Memorialists in support of their views, are not altogether tenable; and they deem it their duty to direct attention to the fallacious nature of some of the tests applied to that Tariff in England, because they believe that no Table of fixed valuations, which should secure to Government its just dues, would bear the application of similar tests.

9. For instance, for the purpose of demonstrating the relative proportions of duty to value, the Calcutta value is throughout these Memorials held to be the prime cost in Manchester with 10 per Cent. added for delivery in Calcutta. Now *ad valorem* duties in this country are by Law directed to be levied on the market price at the time and place of Import or Export, and this rule is invariably applied to all dutiable commodities not entered in the Tariff of fixed valuations. The only object of having a Tariff of fixed valuations at all, is to simplify and expedite the collection of duties upon such articles as are capable of easy classification, and do not vary much in price from day to day; and it seems very clear to the Committee that the principles upon which the prices entered in the fixed Tariff should be arrived at, are the same as those upon which the value of articles, not enumerated in the Tariff, are determined at the Custom House. It is very certain that a mere addition of 10 per Cent. to the Manchester prime cost will by no means represent the market price of Cotton Goods at Calcutta or Bombay. In the first place, the actual charges to which goods are subject, before they reach the purchaser in this country, are, as a rule, at least 15 per Cent., (exclusive of duty and trade discount), and not 10 per Cent., and in the next place, the Committee think it may very fairly be assumed that the shipper of Cotton Goods is not contented with the return of the exact price he pays for them, with the simple addition of the actual sum expended by him in their transport to, and sale at, an Indian Port.

10. The manner in which, in the opinion of this Committee, valuations for the purpose of assessment of duty should be made, is by deducting from a fair average wholesale cash price of similar goods so much as represents the duties of Customs which have been paid thereon. They have accordingly, in considering the amendments which they recommend should be made in the Tariff, taken a fair average market price, reckoned upon the sales of past years and the prospects of the future, and have in the case of Cotton manufactures, and most other goods except Metals, deducted from that price 12 per Cent. *viz.* 9 per Cent. as representing the duty on the net value; next—(the duty being only leviable on the net cash price,) they have deducted 2 per Cent. for the discount, to which, in addition to varying terms of credit for such sales, are, by the custom of the trade, liable; and lastly, 1 per Cent. for the

cost of removal from the Custom House to the Merchants' Warehouses, an item which the Merchant saves, in those cases in which goods are taken over by the Custom House Authorities on account of assumed under-valuations, and which therefore Importers would take into consideration in entering the valuation of goods excluded from the fixed Tariff. In the case of Metals, as the discount under which they are sold varies from 2 per Cent. in the case of Iron, to 5½ per Cent. in the case of Spelter, they have allowed a proportionally larger deduction.

11. Further, the Committee observe that the Deputation of Bleachers and Dyers from Lancaster and Chester, in their Memorial to the Board of Trade of London, assume the difference of cost involved in the process of bleaching or dyeing as a basis for calculating the respective valuations of Grey and Bleached or Dyed Goods, and in this view they appear to be supported by the Board of Trade. The inconsistencies complained of will not, however, appear so striking when the principle on which the Calcutta Tariff has hitherto been framed is borne in mind. The practice has been, as noticed above, to take an average of all the qualities imported, and to adopt that average as the valuation on which all qualities should be assessed for duty; provided the same qualities were imported in the bleached and coloured as in the grey state, the average value of the former would, no doubt, as a general rule, be determined by the mere increased cost involved in the process of bleaching or dyeing, and any other trifling increased percentage of cost contingent on shipping the goods in the bleached or dyed state. But although a considerable quantity of such goods, as *Jaconets* and *Mulls*, which come out in the grey state, come also in a bleached state, yet it is well known that large importations of the finer classes of these Fabrics take place in the bleached state which do not come at all in the grey state. The same may be said with respect to dyed goods, and the Committee are satisfied, that the inconsistencies to which objection has been taken in England arise from this cause, and that it is not the case, as the Memorials from Lancaster and Chester would seem to imply, that precisely the same class of goods is imported in the grey as in the bleached and dyed state.

12. The only manner in which, as it appears to the Committee, these inequalities of incidence, which principally affect Cotton Goods, can be obtained, is by adjusting the valuation on the weight, as has always been done in Bombay, and they apprehend no difficulty whatever from the adoption of a similar mode of procedure throughout India. In this manner the anomaly will no longer exist of 5lb Shirtings paying precisely the same duty as 8lb Shirtings, and a piece of Madapollam, the market price of which is Rupees 1-8, being assessed for duty on the same valuation as a piece of the same goods which is saleable at double the price.

13. This principle can, of course, only be applied to goods, the value of which is mainly dependent upon their weight. It cannot be employed in the case of bleached, dyed or fancy goods, for with them the weight is no test of value. Goods of these descriptions have always been valued in Bombay at the market rate at the time of importation, and the Committee are decidedly of opinion that the interests of Government and of Importers alike require that a similar mode of assessment should

be pursued in future in all British Indian Ports. The Committee are fully convinced that it is quite impossible to fix any fair specific valuation on goods which are of so mixed and variable a character as even to defy any detailed classification.

11. Though entertaining no doubts themselves as to the expediency of these changes, the Committee before recommending them to Government thought it desirable to ascertain the views of the mercantile community with regard to them. They accordingly on the 9th instant had the pleasure of meeting the representatives of most of the leading Firms of this City, and after full explanations and discussion they found those gentlemen unanimously in favor of the adoption of the proposed alterations,

viz.—

1st.—Of valuing Grey Cotton Goods by weight.

2ndly.—Of excluding from the fixed Tariff of Valuations all goods which are not of so simple and uniform a nature as to admit readily of distinct classification. These gentlemen were equally in favor of the substitution of English for local weights and measures—an alteration which seems to the Committee to be necessary, if there is to be one Tariff for all India, and which will in itself greatly facilitate the transaction of business by European Merchants trading to this country.

15. The next question upon which the Committee were directed to report was the feasibility or otherwise of constructing an uniform Tariff for all India.

16. After a careful consideration of the subject, they are of opinion that such a Tariff is both feasible and desirable.

17. Mr. Spooner brought with him from Bombay a Tariff prepared for the occasion, in communication with the Mercantile Community of Bombay, and in comparing it with what they considered fair average values at this Port, the Committee find that, except as regards some few unimportant articles, no substantial difference exists between the market rates ordinarily ruling at the two Presidencies. With respect to those items, regarding which any great difference was apparent, they found, on close inquiry, that it arose generally from the fact of their being articles of considerable trade at the one Port, and of merely nominal Import and Export at the other.

18. It has been asserted on previous occasions that the valuations which are suitable for Bombay and Calcutta cannot be considered sufficient for Madras, where the market rates are higher. The Committee attach no importance whatever to such an assertion; it seems to them unreasonable to suppose that any real or permanent difference can exist between the prices of articles of considerable trade, ruling at two Ports within a few days' distance of one another. If any difference does ever exist, it either arises from some exceptional and extraordinary demand for a particular commodity, or from the insignificance of the trade. The Committee however believe that there is never any great discrepancy between the market rates at Madras and Calcutta.

19. The Committee have the honor accordingly to submit for the approval of Government an Import and Export Tariff for all India, the adoption of which will, they are satisfied, secure to Government its just dues, and at the same time remove all reasonable grounds of complaint.

20. It has occurred to the Committee, whilst engaged in the preparation of this Tariff, that it might be materially improved by the transfer to the free list of a vast number of articles of petty trade, which, while bringing little Revenue into the Public Treasury, and scarcely even repaying the charges of collections, tend to complicate and obstruct the transaction of business at the Custom House. The Committee believe that more than one hundred articles might be placed on the free list with positive advantage to Government; this however is a question which they can only suggest for the future consideration of Government, as they have not had before them the returns necessary to enable them to furnish any detailed report on the subject, and it seems to them moreover to be beyond the scope of their present instructions. They will, however, be glad to submit a separate report on the subject hereafter, should it be the wish of Government that they should do so.

21. The Committee are now prepared to take up the other questions upon which they were desired to report in the Government Resolution of the 29th ultimo.
